## FULL-SERVICE STYLE

Let us walk you through an ideal visit to the Flatiron's **Marie Robinson Salon**: Start by having your color done by Robinson (or any of her protégés—we love Eric Muroski), whose clients include Uma Thurman, Anne Hathaway and Natalie Portman; then a blow-out by Robinson's business partner, stylist Abell Oujaddou; and don't skimp on brow shaping (and great conversation) with beauty guru Landy Dean. *155 Fifth Ave.; [marierobinsonsalon.com](http://marierobinsonsalon.com)*

The advertisement features a photograph of the Marie Robinson Salon interior, showing a yellow tufted sofa, a white coffee table, and a reception desk. The text is set against a white background with a dotted border.
